

We are looking for a detail-oriented wide-format print guru for our Eugene location

QSL Print Communications, a Koke New Century, Inc. company, has continuously set the bar for offset and digital print services in Lane County. Our clients are primarily regional businesses with excellent taste in quality products and craftsmanship. The position we seek to fill services a fast paced department with two printers; a 4ft x 8ft flatbed printer and a 12-color Aqueous printer. Products include banners, posters, stickers, display signage and direct to substrate prints, just to name a few. We are a family-run business built on four generations of printers who value quality workmanship, honesty, respect, and teamwork.

Title: Wide Format Printer Operator

Department: instaprint

Reports to: instaprint General Manager

To Apply: please visit qslprinting.com/careers to submit your cover letter and resume. Ninja Code is 'Sherlock'.

PLEASE — NO WALK-IN OR PHONE CALLS

Broad Function

Facilitate the production of large format print graphics in accordance with daily workflow schedules as assigned by the General Manager. Maintain the overall functionality of the wide-format division through regular printer maintenance, inventory, stock, and general organization.

The wide-format division produces a diverse set of products utilizing a wide array of materials. It is important that our production team members are good problem solvers with a positive attitude and a willingness to strive for exceeding expectations. Our team members are creative, detail oriented, personally responsible individuals capable of performing their duties with minimal supervision.

Responsibilities and Skills

- Operate and maintain an Acuity flatbed printer, a Canon 12- color aqueous printer, and a vinyl plotter
- Provide basic pre-press and utilize RIP software for sending jobs to the printer
- Provide color profiling and correction for color specific jobs
- Ensure that jobs maintain a high level of quality and are completed on time
- Be a multi-tasking problem solver
- Practice exceptional service skills with both customers and colleagues
- Track inventory of stock materials and production supplies
- Collaborate with designers and project coordinators to determine the most appropriate product or combination of materials for a specific desired result when a product has yet to be determined.
- Continue to expand overall production knowledge in printing, graphics and hands-on functions in an effort to provide continuous support to the daily workflow.
- Adhere to all Koke New Century, Inc. policies and procedures as detailed in the employee handbook.

Minimum Requirements

- High school diploma or equivalent
- Some wide-format print experience
