BLUE IS SIMPLY REMARKABLE

Natural gas can cost half as much as electricity

Do you think about your home's energy use? Maybe not. But if you have natural gas, you feel good about how clean and efficient it is. You like the control you have when you're cooking. And just how warm it makes you feel. You know it's always there when you need it, with comfort at your fingertips. And the best part... ***It's abundant, home grown, and it can cost half as much as electricity or oil to heat your home or business***

Just one more thing that makes blue so remarkable. Learn more about switching to affordable natural gas, at: ***NWNatural.com/ConnectToGas***

EFFICIENT. AFFORDABLE. BLUE.
